2015

WRANGLER

FOR THE ULTIMATE ADVENTURER

WRANGLER

There's nothing else like it on the planet. The fun-to-drive Jeep® Wrangler stands tall as Canada's best-selling small SUV.* Wrangler Unlimited is Canada's only four-door convertible, offering open-air freedom for you, four friends and their gear. Authentic style and boulder-pounding capability drive every Wrangler forward into legendary territory, supported by the standard 285-hp Pentastar™ VVT V6 engine. Wrangler's appeal goes even further as the winner of the 2014 *Canadian Black Book*® "Best Retained Value" award.² Accolades like this simply add to the status of Wrangler Rubicon® being "4x4 of the Decade"[†] as awarded by *Four Wheeler* magazine.

*All disclaimers and disclosures can found on the back cover.

†Based on 2001-2010 model years.

Wrangler Unlimited Rubicon® shown in Anvil with Mopar® Modular Off-Road Front Bumper.

EXCEPTIONAL STRENGTH

Wrangler Rubicon® shown in Baja Yellow.

TRU-LOK® DIFFERENTIALS

Tru-Lok front and rear electronic-locking differentials balance speed between the left and right wheels, maintaining forward momentum for the ultimate in traction. An instrument panel-mounted rocker switch can lock either the rear or both axles. (Standard on Rubicon.®)

ROCK-TRAC® TRANSFER CASE

With its 4:1 low-gear ratio, Wrangler Rubicon can crawl at a consistent 0.8 km/h for greater control and increased torque available at the wheels.

COMMAND-TRAC™

This transfer case delivers smooth and quiet part-time shift-on-the-fly operation. (Standard on Sport and Sahara.®)

HOOKS AND PLATES

Every Wrangler is fortified with underbody armour that protects critical components. Stamped steel skid plates defend the fuel tank and transfer case while a skid bar safeguards the automatic transmission oil pan. Front and rear tow hooks help when duty calls.

DANA® 44 HEAVY-DUTY AXLE

Durability and articulation come from heavy shafts, stiff housing, large pinion bearings and above-centre pinion mountings. The above-centre mounting helps reduce driveshaft joint angles for smooth and quiet operation while adding ground clearance. (Rear Dana 44 standard on all models. Front Dana 44 standard on Rubicon.)

HEAVY-DUTY SUSPENSION

Solid axles with locating arms, coil springs, track/stabilizer bars, front steering damper and tunable monotube shock absorbers are firm at low speeds and more relaxed at higher speeds. (Standard on Sahara. A performance suspension is standard on Rubicon.)

FRONT SWAY BAR DISCONNECT

This system allows you to flip a switch to disengage the sway bar when driving under 29 km/h in 4WD-low (4LO) mode, permitting the front suspension to travel up to 25 percent farther. (Standard on Rubicon.)

MANOEUVRABILITY Every Wrangler is born with the athletic ability to navigate narrow gaps and dodge emergency situations, with precision steering, optimized wheelbases and a tight turning radius.

ARTICULATION Suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. The articulation helps to keep all four wheels on the ground, providing greater control over rough terrain and obstacles.

WATER FORDING³ Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Wrangler has the capability to safely manage in up to 76 cm (30 in.) of water.³ Always inspect all waterways before proceeding.

TRACTION Helps you maintain controlled forward motion on snowy back roads and over icy urban bridges. You can climb steep sand dunes and master muddy tracks. Your Trail Rated Wrangler has the traction within to master all kinds of topography and driving conditions.

GROUND CLEARANCE Head out knowing that your Trail Rated vehicle has optimized approach, departure and breakover angles designed to clear logs, rocks and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover valuable underbody elements.

UNSTOPPABLE SPIRIT

Confidence to Go Anywhere, Do Anything™ is born and bred in every Jeep® brand transfer case. You'll experience class-exclusive Trail Rated® capability in Jeep vehicles that perform to these rigorous standards in five categories: manoeuvrability, articulation, water fording,³ traction and ground clearance. Wrangler is designed to keep you moving forward, no matter what lies ahead.

THE SEAT OF ADVENTURE

Wrangler's roomy cabin adds advanced technology and fine features for comfortable travel. The Tip 'n Slide™ front passenger seat on Wrangler two-door gives easy access to the second row. The available leather-wrapped steering wheel holds convenient hands-free buttons for the Electronic Vehicle Information Centre (EVIC), audio and speed control. Easily clean away leftover interior mud and grime, thanks to Wrangler's removable carpet and drain plugs. Choose your multimedia centre with offerings from Uconnect,® including hands-free communication with voice command,⁴ voice text reply,⁵ navigation⁶ and SiriusXM satellite radio.⁷ Turn your four wheels into a hard-beating boom box with the available new Alpine® premium audio system with eight speakers plus subwoofer, all powered by a 552-watt amplifier.

BE SEATED

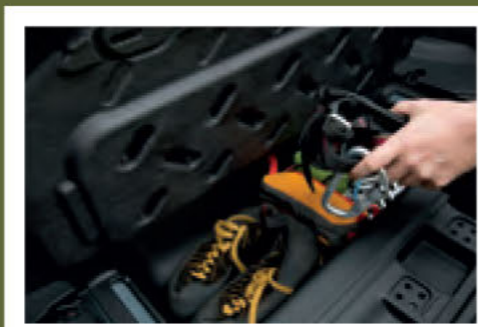

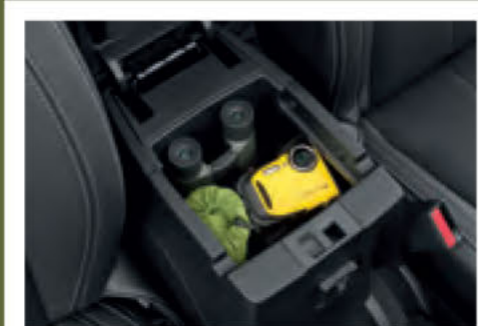

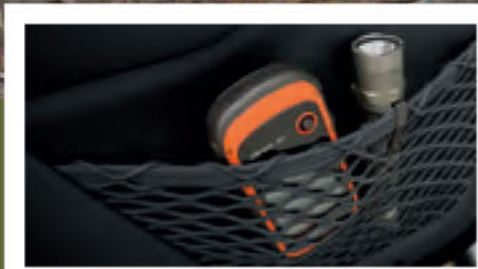

Wrangler's interior seats, available in either premium cloth or leather-faced, are comfort-designed to stand up to all kinds of sitting down. With plenty of cushion and support, you've got more stamina to keep on going.

INNER GLOW

Interior courtesy lights include illuminated front footwells and cup holders, while an available electrochromatic rearview mirror automatically darkens to help minimize the blinding glare of headlamps.

FUNCTIONALLY FIT

Here's a very functional interior that conforms to your needs. You'll find all kinds of places to stow stuff: mesh net storage in all the doors, a locking glove compartment for keeping smaller items secure and a lockable centre console with a big bin and inner tray. A bin beneath the rear cargo area floor features a lift-out tray to safely store door and hardtop bolts. Two-door models feature a removable fold-and-tumble rear bench seat with spring assist that easily tumbles to make more room for cargo. Four-door models come standard with a split-folding rear seat.

Wrangler Rubicon® leather-faced interior shown in Black.

RUBICON®

Selected "4x4 of the Decade"[†] by *Four Wheeler magazine*, Rubicon is a factory-built warrior arriving at your door with Tru-Lok® electronically locking differentials, mud-terrain tires, Rock-Trac® transfer case, 4:1 low-gear ratio and rock rails. A class-dominating¹ 73.1:1 crawl ratio with the 6-speed manual transmission lets you cruise up the rocks at a controlled 0.8 km/h, aiming for places others only dream of reaching. The performance-tuned suspension includes gas-charged shocks and an electronic sway bar disconnect that help steady the climb. [†]Based on 2001-2010 model years.

WHEN THE GOING MEETS TOUGH

Muscular 32-inch-tall BFGoodrich® Mud-Terrain tires mounted on 17-inch polished aluminum wheels with Mineral Grey painted pockets are standard fare. Skid-plate protection helps the mighty Rubicon's Rock-Trac transfer case gain trail-ready status. Rock rails work to protect Rubicon from damaging debris.

BEST-IN-CLASS WATER FORDING²

Go farther without fear. Thanks to Rubicon's Trail Rated® water-fording capabilities,³ you have permission to ford rivers, streams and puddles of up to 76 cm (30 in.) in depth.

ADDED STYLE

The available Dual Top Group gives you the best of both worlds, including a Black three-piece Freedom Top® hardtop and premium Black Sunrider® soft top. If you want to catch the eyes of the style-conscious, you can opt to coordinate the colour of your hardtop and fender flares to your exterior paint.

RADICAL THRILL-MAKER

Wrangler Rubicon® shown in Firecracker Red.

SPORT

Whichever Wrangler Sport you choose, you're handed the torque to get up and over with the brawny 3.6L Pentastar™ VVT V6 engine matched to the legendary Command-Trac™ 4WD system. This combination will go virtually anywhere it's directed. The five-link suspension adds cushion to the daily commute. The standard Sunrider® soft top brings in plenty of fresh air, and the Jeep® brand steering wheel with audio and cruise controls adds to Wrangler Sport's functionally good looks. This is where great fun begins, and continues wherever you want to go.

SAHARA®

With the right mix of capability, style and comfort, Sahara arrives looking the part with tubular side steps, body-colour fender flares, bright bumper accents and a Black Jeep® Freedom Top® hardtop. Gas-charged shocks help smooth out the road ahead. Like all Wranglers, Sahara can be given the full open-air treatment by removing the doors and the top, and even folding down the windshield? Convenient automatic headlamps and attention-grabbing 18-inch polished aluminum wheels with Satin Carbon centres make a bold statement.

Left: Wrangler Sport Unlimited shown in Baja Yellow.

Right: Wrangler Sahara® shown in Black.

MORE POWER TO YOU

The award-winning 3.6L Pentastar™ V6 engine with Variable Valve Timing (VVT) roars to life delivering a best-in-class 285 hp and 260 lb-ft of torque! This efficient workhorse leads the Wrangler powertrain on its renowned journey to open-air freedom.

WITH EXCEPTIONAL REFINEMENT AND POWER the Pentastar engine matches Wrangler's legendary brawn. It moves forward with a unique oil pan, an acoustic engine cover, optimized upper intake airflow for torque, and equal-length downpipes to assist low- and mid-range torque response. The front-end accessory drive and high-mounted rear-facing alternator enhance water fording capability.³ Its pulse-width-modulated 600-watt fan is 100 percent variable speed, not just high and low, plus it has a full-face condenser for better A/C performance and a stand-alone transmission oil cooler.

THE PENTASTAR COMES STANDARD with an exceptionally capable 6-speed manual, or you can opt for the smooth-shifting 5-speed automatic. This strategically optimized automatic transmission helps maximize fuel economy while its low first-gear ratio gives Wrangler authentic Jeep® brand off-road capability via a lower overall crawl ratio.

THE COMMAND-TRAC™ 4WD system employs the NV241 GII transfer case, delivering smooth and quiet part-time shift-on-the-fly operation, and comes standard on Sport and Sahara® models. For those who demand ultimate capability, Wrangler Rubicon® with its standard Rock-Trac® 4WD system, delivers radical crawling strength at low speeds for greater control over tough terrain.

ALL ROADS LEAD TO PEACE OF MIND

ELECTRONIC STABILITY CONTROL (ESC)¹⁰ This advanced system is designed to assist drivers in maintaining control of their vehicle. It utilizes hydraulic brake assist, traction control, Electronic Roll Mitigation (ERM) and Trailer Sway Control (TSC) to constantly monitor driver input against the vehicle's actual course. If needed, ESC¹⁰ automatically brakes and/or reduces engine torque, while ERM estimates the potential for wheel lift, reducing engine power and applying the brakes if needed. TSC detects sway unique to trailering and engages the brakes to slow the vehicle, increasing brake force to one side of the vehicle to help counteract the sway from the trailer. ESC¹⁰ has three modes: Full-On, Partial-On (shuts off traction control) and Full-Off (ideal for off-road driving). Standard.

SENTRY KEY[®] ANTITHEFT ENGINE IMMOBILIZER A unique embedded key code matched only to your vehicle helps keep your Wrangler safely where it belongs. Standard.

HILL START ASSIST (HSA) HSA works to prevent Wrangler from rolling when starting on an up- or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard.

HILL DESCENT CONTROL (HDC) HDC is packaged with the available 5-speed automatic transmission and diligently works to help Wrangler navigate steep declines at a safe and consistent speed.

SPORT BAR High-strength steel is integrated into the B-pillar that runs into the floor, helping to improve side-impact performance and vehicle stiffness. Standard.

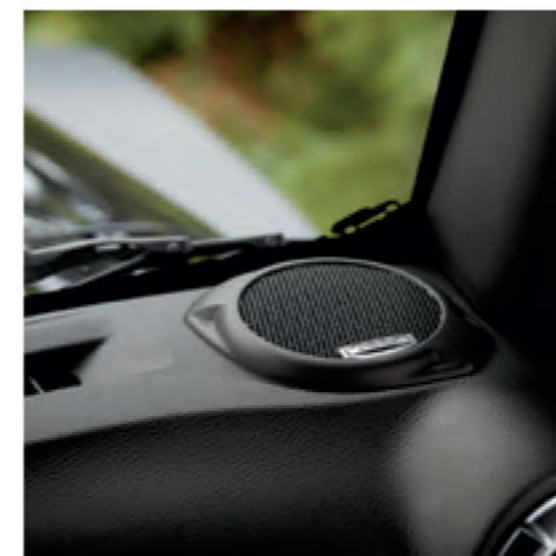

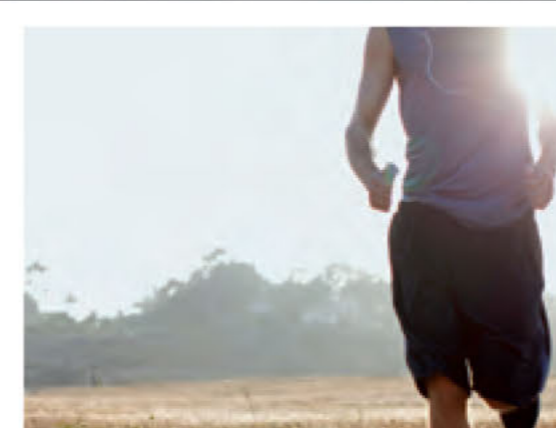

MID-MOUNTED FUEL TANK The fuel tank is mounted between the wheels for added protection. It has a robust 2.5-mm skid plate for safer off-road driving. Standard.

ENERGY-ABSORBING FRONT RAIL EXTENSIONS Collapsible, hydroformed front rail tips offer low-speed protection and can be serviced after impact events of up to 13 km/h. Standard.

HEATED POWER EXTERIOR MIRRORS Melt snow and ice off these available sideview mirrors as you warm up your interior and keep your mirrors free of ice as you drive.

AIR BAGS¹¹ The standard advanced, multistage front air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Available supplemental front seat-mounted side air bags deploy from the outboard side of each front seat to enhance protection of the driver and front passenger in certain impacts.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS) This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag¹¹ deployment. It also shuts off the flow of fuel to the engine once the vehicle comes to a stop. Standard.

PHONE Talking on your Bluetooth[®]-compatible phone while driving has never been easier – or more responsible. You can talk on your phone virtually hands-free⁴ with this clever system smart enough to synchronize with your phone's address book¹² – up to 1,000 entries – every time you get into your vehicle. Available.

VOICE COMMAND⁴ It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select AM/FM radio stations or SiriusXM satellite radio⁷ channels, make and receive calls⁴ or select navigation⁶ destinations. This smart system technology can be trained to better recognize your voice and can understand commands in English, French and Spanish. Available.

ENTERTAINMENT Get the sound going via CDs/DVDs^{*}, MP3s, remote USB port^{*}, an auxiliary input jack, hard-disc storage^{*} and Bluetooth streaming audio^{*}. Listen to over 120 channels on SiriusXM satellite radio^{*} (your first year of service is included)⁷ and enjoy instant replays of your favourite tunes, instantly access any channel playing your favourite song or artist, get alerts when your favourite teams are playing live and so much more. Opt for the new Alpine[®] premium audio system for your ultimate listening pleasure. ^{*}Available features.

SUNRIDER® SOFT TOP utilizes special three-ply material that's quiet, watertight and easy to fold away. Standard.

PREMIUM SUNRIDER SOFT TOP adds durability and sound dampening for a quieter ride. Plus, a dust blocker helps keep it in tip-top shape and makes it easier to wash. Available.

FREEDOM TOP® HARDTOP is strong and secure. Available in a Black Spackle coat or matched to the exterior paint colour of your Wrangler Sahara® or Rubicon®. A three-piece modular design lets you bring in the sun as you see fit. Available.

LIKE YOU, WRANGLER IS A TRUE ORIGINAL. REMOVE THE DOORS, FOLD DOWN THE WINDSHIELD, OPEN THE SUNRIDER SOFT TOP AND SEE THE WORLD FROM A POINT OF VIEW THAT REMOVES ALL BOUNDARIES BETWEEN YOU AND THE GREAT OUTDOORS.

REMOVABLE FULL-FRAMED DOORS®

FOLD-DOWN WINDSHIELD®

TORX® TOOL KIT comes standard on all models to help make top, doors and windshield removal a snap.

AUTHENTIC JEEP® ACCESSORIES

Choose Mopar® for quality parts and accessories made to custom-fit your Jeep Wrangler. Kilometre after kilometre, you'll keep going strong with our expert service, genuine parts and express lane service. See your Chrysler, Jeep, Dodge and Ram retailer for all the latest parts and accessories. You can learn more about the world of Mopar and all it has to offer at mopar.ca

MODELS AND OPTIONS

SPORT B

POWERTRAIN

- 3.6L Pentastar™ VVT V6 with 6-speed manual transmission
- 3.6L Pentastar VVT V6 with 5-speed automatic transmission

INTERIOR AMENITIES

- Premium cloth seating
- Steering wheel-mounted cruise and audio controls
- Uconnect® 130 with eight speakers and auxiliary input jack
- 12-volt auxiliary power outlet
- Rear compartment covered storage and floor mat
- Rearview day/night mirror
- Driver's-seat height adjuster
- Easy-access passenger seat with rear folding seat
- Temperature and compass display
- Wash-out interior with removable carpets and drain plugs

EXTERIOR FEATURES

- Sunrider® soft top
- 16-inch slot-spoke styled steel wheels
- Matching full-size spare tire, exterior-mounted
- P225/75R16 BSW On-/Off-Road tires
- Black fender flares, front and rear bumpers
- Fog lamps and halogen headlamps
- Full metal doors with manual windows and door locks
- Tinted windshield and front-door glass
- Two front and one rear tow hooks

SAFETY & SECURITY

- Advanced multistage front air bags¹¹
- Electronic Stability Control (ESC)¹⁰ with Hill Start Assist, Traction Control, Electronic Roll Mitigation and Trailer Sway Control
- Four-wheel disc antilock brakes
- Fuel tank and transfer case skid plates
- Hydraulic-assist brake booster

- Sentry Key® anti-theft engine immobilizer
- Tire pressure monitoring warning lamp
- Tilt steering column
- Cargo tie-down loops
- Sliding sun visors with mirrors
- Hill Descent Control (HDC) (automatic only)
- Sport Bar

CAPABILITY & FUNCTIONALITY

- Command-Trac™ shift-on-the-fly 4WD
- Dana® 30 solid front axle and Dana 44 heavy-duty rear axle
- Front and rear stabilizer bars
- 3.21 rear axle ratio
- 160-amp alternator
- 600-amp maintenance-free battery
- Engine block heater
- Torx® tool kit

OPTIONAL EQUIPMENT

- Jeep® Freedom Top hardtop, Black Spackle
- Premium Sunrider soft top
- SiriusXM Satellite Radio⁷
- Trailer Tow Group
- Tubular Side Steps
- Uconnect 430 Multimedia Centre
- 3.73 Rear Axle Ratio
- 17-inch Moab Sparkle Silver Aluminum Wheels

PACKAGE DETAILS AND MULTIMEDIA CENTRES

32-INCH TIRE AND WHEEL GROUP

- 17-inch polished aluminum wheels with Mineral Grey painted centre
- LT255/75R17 BSW Off-Road BFGoodrich® tires
- Performance suspension

ALPINE® PREMIUM AUDIO GROUP

- Eight speakers plus subwoofer
- 552-watt amplifier

CONNECTIVITY GROUP

- Chrome/leather-wrapped shift knob
- Electronic Vehicle Information Centre (EVIC)
- Hands-free communication⁴ with Bluetooth® streaming audio
- Leather-wrapped steering wheel
- Remote USB port
- Tire pressure monitoring display

LEATHER-FACED SEATS

- Front seatback map pocket
- Heated front seats
- Leather-faced seating

POWER CONVENIENCE GROUP

- Auto-dimming rearview mirror with reading lamp
- Power, heated mirrors; manual folding
- Power locks
- Power windows, front one-touch down
- Remote keyless entry
- Security alarm

TRAILER TOW GROUP/ MAX TOW PACKAGE

- 3.73 rear axle ratio (on Unlimited Sport, Sahara and Unlimited Sahara)
- Class II hitch receiver (Unlimited Sport and Unlimited Sahara)
- Trailer tow with 4-pin connector wiring

MOPAR® BLACK APPEARANCE GROUP

- Mopar Black Fuel Filler Door
- Mopar Black Taillamp Guards
- Mopar Black Tubular Side Steps

MOPAR CHROME EDITION GROUP

- Mopar Chrome Exhaust Tip
- Mopar Chrome Fuel Filler Door
- Mopar Chrome Taillamp Guards
- Mopar Chrome Tubular Side Steps

MOPAR PREMIUM CHROME GROUP

- Mopar Chrome Exterior Mirrors
- Mopar Chrome Grille

MOPAR PREMIUM SOUND AND LEATHER GROUP

- 115-volt auxiliary power outlet
- Alpine® premium audio system
- Heated front seats
- Katzkin™ leather seating

UCONNECT 130

- AM/FM/CD/MP3
- Auxiliary input jack

UCONNECT 430

- Uconnect 130 features plus:
- 6.5-inch touch screen
- DVD playback capability
- 28GB hard drive

UCONNECT 430N

- Uconnect 430 features plus:
- Navigation*

UCONNECT 730N

- Uconnect 430N features plus:
- 20GB hard drive (vs. 28GB)
- Enhanced navigation* with dead reckoning, split screen and audible turn-by-turn directions
- Remote USB port

POWER AND FUEL ECONOMY

Based on 2015 *EnerGuide* fuel consumption ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. For *EnerGuide* information, please ask your retailer or visit the Government of Canada Web site: www.vehicles.nrcan.gc.ca

DISCLAIMERS. 1) Based on *Ward's* 2014 Small Sport Utility segmentation and Chrysler Internal Compact SUV segmentation including Jeep Compass, Jeep Patriot, Chevrolet Trax, Mitsubishi Outlander Sport, Kia Sportage, Hyundai Tucson and Volkswagen Tiguan. 2) Based on value retained from original MSRP for 2010 model-year vehicles as published by CBB, as of January 1, 2014. See CanadianBlackBook.com for complete details. 3) Do not attempt water fording unless depth is known to be less than 76 cm (30 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 4) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 5) Preset voice-to-text messaging and incoming text message reading require a MAP-enabled phone. 6) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 7) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 8) Based on *Ward's* 2014 Small Sport Utility segmentation and Chrysler Internal Compact SUV segmentation including Jeep Compass, Jeep Patriot, Chevrolet Trax, Mitsubishi Outlander Sport, Kia Sportage, Hyundai Tucson and Volkswagen Tiguan. Do not attempt water fording unless depth is known to be less than 76 cm (30 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 9) Be sure to follow all instructions in Owner's Manual for removal of top and doors and lowering of windshield. Driving with doors off and windshield down is for off-road use only. 10) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 11) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 12) Phone must support Bluetooth Phone Book Access Profile (PBAP).
