WRANGLER

Capability without compromise. That’s what Wrangler drivers count on, and for over 75 years, the Jeep® brand has delivered. As part of Canada’s most capable 4x4 brand, Wrangler is renowned for taking riders on a serious exploration of worldly wilds, while maintaining the poise to deliver a comfortable driving experience from trails to city streets.

Wrangler is powered by Canada’s Best-Selling engine—the iconic 3.6L Pentastar® Variable Valve Timing (VVT) V6, a three-time winner of the Wards “10 Best Engines” award. Wrangler delivers unsurpassed towing capability so you can bring along even more fun.

The Jeep® brand reigns as Canada’s Best-Selling line of SUVs, and Wrangler stands tall as the favourite 4x4 with the determination to take you places others only dream of reaching.

CANADA’S MOST CAPABLE SUV

Best-in-Class GROUND CLEARANCE

Best-in-Class HORSEPOWER

UNSURPASSED TOWING

“4x4 OF THE DECADE”

FOUR WHEELER®
HARD CORE 4X4 confidence to do the impossible, the unbelievable—just drive and enjoy every Trail-Rated® Jeep brand vehicle.

We’ve put everything together under the Trail Rated® banner and in every Wrangler because they’re designed to perform to rigorous standards in five categories: maneuverability, articulation, water fording, traction and ground clearance. Wrangler is designed to keep you moving forward, no matter what lies ahead.

**MANEUVERABILITY** Every Wrangler is born with the athletic ability to navigate narrow gaps and emergency situations, with precision steering, optimized wheelbases and a tight turning radius.

**ARTICULATION** Suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. The articulation helps to keep all four wheels on the ground, providing greater control over rough terrain and obstacles.

**WATER FORDING** Traverse waterways with confidence, thanks to additional electrical and body seals, plus a high airflow intake location. Wrangler has the capability to safely manage in up to 76 cm (30 in) of water. Always inspect all waterways before proceeding.

**TRACTION** Helps you maintain controlled forward motion on snowy back roads and over icy urban bridges. You can climb steep sand dunes and master muddy tracks. Your Trail Rated® Wrangler has the traction within to master all kinds of topography and driving conditions.

**GROUND CLEARANCE** Head out knowing that your Trail Rated vehicle has Best-in-Class approach, departure and breakover angles designed to clear logs, rocks and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover valuable underbody elements.

**RIGOROUS STANDARDS**

**TRU-LOK® DIFFERENTIALS** Tru-Lok® front and rear electronic-locking differentials provide equal speed between the left and right wheels, maintaining forward momentum for the ultimate in traction. An instrument panel-mounted switch can lock either the rear or both axles. (Standard on Rubicon®.

**ROCK-TRAC® HEAVY-DUTY PART-TIME 4x4 SYSTEM** With its 4.11 low-gear ratio and 73.1:1 crawl ratio, Wrangler Rubicon can crawl at a consistent 0.8 km/h for greater control and increased torque available at the wheels.

**COMMAND-TRAC® PART-TIME 4x4 SYSTEM** for authentic, easy, on-demand off-road and all-weather capability, this part-time, shift-on-the-fly system delivers torque 50/50 between the front and rear wheels for tough trailfax. The NV241 transfer case shift modes stick shifting, 4LO and 4Hi at speeds up to 64 km/h. For serious rock crawling, its 4:1 low-gear ratio gives maximum flexibility.

**HOOKS AND SKID PLATES** Every Wrangler is fortified with underbody armour that protects critical components. Stamped-steel Skid plates deflect the front tire and transfer case and a skid bar protects the automatic transmission cover, frame and rear low hooks help during duty calls.

**DANA® 44 HEAVY-DUTY AXLES** Durability and articulation come from heavy shafts, stiff housing, large pinion bearings and above-centre pinion mountings. The above-centre mountings help reduce driveline joint angles for smooth and quiet operation while adding ground clearance. (Standard on Rubicon.

**HEAVY-DUTY SUSPENSION** Solid axles with locating arms, coil springs, track/stabilizer bars, front steering damper and tunable monotube shock absorbers are firm at low speeds and more relaxed at higher speeds. (Standard on Sahara and 75th Anniversary Edition. Performance suspension is standard on Willys and Rubicon.

**ELECTRONIC FRONT SWAY BAR DISCONNECT** This system allows you to flip a switch to disengage the sway bar when driving under 29 km/h in 4LO mode, permitting the front suspension to travel up to 25 percent farther. (Standard on Rubicon.)
The long list of standard and available interior options on Wrangler allow you to create your very own oasis of comfort and style. Select your multimedia centre and stay connected with offerings that include hands-free communication with Bluetooth® streaming audio, voice text reply, navigation and SiriusXM satellite radio with one-year subscription.2

The available Alpine® premium audio system with eight speakers, plus all-weather subwoofer, all powered by a 552-watt amplifier, is engineered to deliver an exceptional audio experience. The folding front passenger seat on Wrangler two-door models gives easy access to the rear seat and the available leather-wrapped steering wheel holds convenient hands-free buttons for the Electronic Vehicle Information Centre (EVIC), hands-free communication,1 audio and cruise control. After a fun day of playing in the dirt over off-road tracks and trails, you can easily wash away leftover interior mud and grime, thanks to Wrangler’s removable carpet and drain plugs.

FOR INSPIRATION, LOOK WITHIN

CUSHIONED COMFORT

Wrangler’s interior seats, available in either premium cloth or leather-faced, are designed to stand up to all kinds of sitting down, with plenty of support so you’ve got more stamina to keep on going.

LIT FROM WITHIN

Interior courtesy lights include illuminated front footwells and cup holders, while an available auto-dimming rearview mirror automatically darkens to help minimize the blinding glare of headlamps.

CARGO CAPABILITY ABOUNDS

Space to store your items is plentiful: mesh net storage in all the doors, a locking glove compartment for keeping smaller items secure, a large bin and inner tray under the rear cargo area floor and features lift-out tray to easily store door and hardtop bolts. Two-door models feature a removable fold and tumble rear seat with spring assist that easily tumbles to make more room for cargo. Unlimited models came standard with a split-folding fold-flat rear seat.

PROPERLY SECURE ALL CARGO.

Off-road adventures can take you to a whole new world when you go with Wrangler Rubicon. Move forward with pride and confidence, knowing Rubicon has been named “4x4 of the Decade” by FOUR WHEELER®. Now, you’re riding in a factory-built warrior from the very start, equipped with Tru-Lok® electronically locking differentials, rock rails, a heavy-duty part-time 4x4 system, 4.5 low-range ratio and rock rails. A 73.1:1 crawl ratio with the 6-speed manual transmission let you drive in controlled 0.8 km/h. The performance-tuned suspension includes gas-charged shocks and an electronic sway bar disconnect.

**THE BRAWN TO GO EVERYWHERE**

Muscular 32-inch BFGoodrich® Mud-Terrain tires are mounted on 17-inch polished aluminum wheels with Mineral Grey painted pockets. Skid plate protection helps the mighty Rubicon’s Rock-Trac transfer case gain trail-ready status. Rock rails work to protect Rubicon from damaging debris.

**BEST-IN-CLASS WATER FORGING**

Thanks to Rubicon’s Trail Rated® water-fording capabilities, you’ll have no fear crossing streams and large puddles of up to 76 cm (30 in) in depth.

**THE FEELING OF FRESH FREEDOM**

Experience plenty of sunlight and wind in your hair with the available Dual Top Group. It includes a Black Spackle three-piece Freedom Top® hardtop and premium Black Sunrider® Soft Top. If you want to coordinate your style, match the color of your hardtop and fender flares to your exterior paint. 

[RUBICON® SHOWN IN GREEN.]

*FOUR WHEELER® “4X4 OF THE DECADE” 2021*
SAHARA®
Your desire to match style and comfort with authentic Jeep® brand capability is satisfied with Wrangler Sahara®. Standard equipment includes Black tubular side steps, body-colour fender flares, body-colour front and rear bumper inserts, bright grille and headlamp accents, and a Black Spackle Jeep® Freedom Top® hardtop. Gas-charged shocks deliver a smooth ride on the road ahead. Give Sahara the full open-air treatment by removing the doors and the top, and even folding down the windshield! Convenient automatic headlamps and attention-grabbing 18-inch polished aluminum wheels with Granite Crystal-painted pockets complete the look.

WILLYS WHEELER
Master off-road challenges like a natural-born hero, thanks to standard features that include a Dana® 44 heavy-duty rear axle, anti-spin differential, heavy-duty roll bars, and rack and pinion steering. Willys Wheeler is designed to impress, with its Gloss Black grille and high-gloss Black aluminum wheels. The original, revered WWII Willys is given due respect with the “Willys” hood decal. Willys Wheeler models offer a variety of standard creature comforts, including hands-free communication with Bluetooth® streaming audio, Satellite radio with one-year subscription, and an Electronic Vehicle Information Centre (EVIC).

SPORT
Go to places others only dream of reaching. Get behind the wheel of Wrangler Sport and you’ll command the torque to tackle every challenge with Canada’s best-selling engine, the 3.6L Pentastar® Variable Valve Timing (VVT) V6, matched to the legendary Command-Trac part-time shift-on-the-fly 4x4 system. This combination will go virtually anywhere it’s directed. The five-link suspension adds comfort to the daily commute. The standard Sunrider® Soft Top sends plenty of fresh air your way, and a steering wheel with audio and cruise controls adds to Sport’s functionality.
BEST-IN-CLASS HORSEPOWER
CANADA’S BEST-SELLING Engine — THE 3.6L PENTASTAR® VARIABLE
VALVE TIMING (VVT) V6 is here to lead the pack. The award-winning
Pentastar® engine with VVT performs like a hero with 260 lb-ft of
torque and a Best-in-Class 285 horsepower. This efficient powerhouse
is built to take you and your Wrangler on a legendary journey anywhere
you want to roam.

UNSURPASSED TOWING CAPABILITY
BRING ALONG MORE FOR THE JEEPS. Pentastar V6 engine comes
standard with an exceptionally capable 6-speed manual, or
you can opt for the smooth-shifting 5-speed automatic. The
strategically optimized automatic transmission helps maximize
fuel economy while delivering lower overall crawl ratio
to help you and your Jeep® Trail Rated® off-road capability.
You have plenty of power to bring your favourite toys with you as
well, thanks to Wrangler’s unsurpassed towing capability of up to
3,500 lb (1,588 kg).
SEE MORE OF EVERYTHING

The world is a big place. Wrangler lets you take it all in. Remove the doors, fold down the windshield, open the Sunrider® Soft Top and live large. Enjoy life from a point of view that removes all boundaries between you and the great outdoors.

**FREEDOM TOP® HARDTOP** is strong and secure. This option has a three-piece modular design that lets you sit in the sun or see (standard on Sahara® and 75th Anniversary Edition, optional on Sport, Willys Wheeler and Rubicon). The Freedom Top® hardtop is offered in a Black Spackle coat on all models or matched to the exterior paint colour of your Wrangler Sahara, 75th Anniversary Edition or Rubicon.

**SUNRIDER® SOFT TOP** utilizes special three-ply material that is standard and quiet, watertight and easy to fold away. **PREMIUM SUNRIDER SOFT TOP** adds durability and sound dampening for a quieter ride, making it an attractive available option. Plus, a dust blocker helps keep it in tip-top shape and makes it easier to wash.

**THE VIEW FROM THERE**

NEW LED HEADLIGHTS AND FOG LAMPS project light far onto the road for a clear view of your surroundings and set Wrangler’s LED lights apart on your way. Available with the LED Lighting Group, these headlamps shine bright in the night, giving everyone a heads-up that you’re sharing the road, adding safety and security to your nighttime rides.

**SIDE STEPS AND ROCK RAILS** make it easier for you and your passengers to gain entry into your Wrangler. Add the available convenience of side steps to easily get into your next adventure. Upgrade to rock rails for added style and protection against road debris, mud and all the things Mother Nature can throw at you.
