2018 RENEGADE
DISCOVER AWARD-WINNING ADVENTURE

RENEGADE

Across the cityscape, in the towel and trail for the sweet taste of freedom. With it or not - the capability, advanced technology and Award-Winning interior of Renegade is your invitation to an adventure. Choose Renegade 4xe for a full electric driving experience or Renegade Trailhawk for a rugged performance off-road. You enjoy the practicality of a fun-to-drive, versatile small SUV, with its smart storage cubbies, large cargo capacity and 907 kg (2,000 lb) towing capability to conquer any road. The interior of Renegade is designed to create an interior that has been honored as one of Ward's 10 Best Interior*. The available dual-pane panoramic sunroof or My Sky Open-Air roof system with removable panels can add more light to the cargo area. Take a path to adventure with a true Renegade, a unique member of the most awarded SUV lineup ever.2

*All disclaimers and disclosures can be found on page 19. † Awarded in 2015.
Canada’s Most Capable Small SUV Ever

Selec-Terrain® Traction Management System

The Selec-Terrain® Traction Management System is not like the limitations of any other Jeep® Brand offering. This class-exclusive system is included with both of Renegade’s available 4x4 systems: Jeep Active Drive and Jeep Active Drive Low. Enjoy peace of mind in all kinds of weather, on city streets, on the beach or tackling off-road challenges. Up to five settings help deliver stability so you can explore with confidence. Choose from Auto, Snow, Sand and Mud modes, and, exclusively on Trailhawk®, the addition of Rock mode, Experience authentic, pedal-to-the-floor capability that can take you to places others only dream of going.

Auto
When turned to this mode, Selec-Terrain® does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

Rock
Delivers Trail Rated® 4WD Low capability allowing you to crawl over rugged terrain at appropriately safe speeds. Exclusively on Trailhawk.

Snow
Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

Mud
Maintains low-speed traction by allowing additional wheel slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle mud.

Sand
Converts to a uniquely calibrated Sand mode that utilizes an aggressive throttle and up-shift points to tackle loose, sand-covered surfaces.

Jeep Active Drive 4x4 Systems

Whether you choose to go cruising on city streets or exploring on off-road trails, your 4WD-equipped Renegade has the know-how to automatically transition from 4x4 mode into fuel-saving front-wheel drive (FWD). The Class-Exclusive disconnecting rear axle seamlessly switches from 4x4 into FWD when Selec-Terrain® is in Auto mode, providing a welcome gain in efficiency.

Grabs the Road
Jeep Active Drive systems can keep you moving forward, even when just one wheel has traction. Should you experience wheel slippage, this strong 4WD system will automatically adjust to thrust a portion of the engine’s power to the wheel(s) with ground contact. This allows Renegade to keep you moving forward at all times.

Jeep Active Drive Low
Maintain control on tough ridges and rocks with the Best-in-Class capability of Jeep Active Drive Low, with its low range and Trail Rated® 20:1 crawl ratio, found exclusively on Trailhawk®. A strong single-speed unit sends power generated from the engine and transmission to the wheel or wheels that need it most. This allows for enhanced traction and a dynamic driving performance.

Keep Climbing with Hill Start Assist
This standard system helps avoid rollback when starting on steep inclines by temporarily keeping the brakes applied, giving you time to transfer your foot to the gas pedal.

Stay Steady with Hill Descent Control
Monitors throttle, speed and braking when going downhill to allow you to maintain a steady speed down the road. This helps you to maintain control even when towing heavy loads. To activate, simply press the brake pedal; simply press the brake pedal repeatedly until you transfer your foot to the gas pedal.

Best-in-Class Capability

Dare to dream. Take a path to adventure that’s uniquely you. Make a stand for individuality. The authentic Jeep® Brand capability of Renegade motivates you to seek freedom, explore with purpose and make exciting discoveries that will show you life as you want it to be lived.

Badge of Honour
The Trail Rated badge appears on every Renegade Trailhawk, engineered to Go Anywhere, Do Anything. When you see a Trailhawk bearing this badge, you know it has successfully passed performance tests in five categories: Traction, Articulation, Maneuverability, Ground Clearance and Water Fording.

Range of Sources

The Trail Rated badge appears on every Renegade Trailhawk, equipped to Go Anywhere, Do Anything. When you see a Renegade, you know it has passed performance tests in five categories: Traction, Articulation, Maneuverability, Ground Clearance and Water Fording.
Renegade takes life on the road as it comes. Whether doing your own shifting with the smooth 6-speed manual transmission or handing control to the available 9-speed automatic transmission, you'll get the most from every excursion. Bring even more along for the ride when you're equipped for towing with the available Trailer Tow Group on 4x4 models, giving you the option to bring along a lot more fun, thanks to 907-kg (2,000-lb) Best-in-Class towing capability.1

SHIFT INTO “GO”

POWERTRAIN HEROES

2.4L TIGERSHARK® I-4 ENGINE

This I-4 improves fuel efficiency for a rating as good as 7.8 L/100 km (36 mpg) highway, while delivering a refined ride. Acclaimed for its unique and efficient valve-lift system, the Tigershark® incorporates a column of oil flow with a precise control of intake valve events.

1.4L MULTIAIR® I-4 TURBO ENGINE

MultiAir® technology utilizes electrohydraulic valves for more direct control of air and combustion. This strong performer increases power up to 10 percent,† torque up to 15 percent† and fuel efficiency up to 7.5 percent† over that of conventional naturally aspirated engines. These statistics come together to deliver a welcome fuel economy rating of 7.7 L/100 km (37 mpg) highway.

2.4L TIGERSHARK® I-4 ENGINE

Its fine-tuned ratio spread between gears ensures quick takeoffs and a consistently refined performance. Exceptional efficiencies are experienced throughout all speeds.

1.4L TIGERSHARK® I-4 ENGINE

Matched with the 1.4L MultiAir I-4 Turbo engine, this manual transmission aids efficiency, moving through shifts with smooth gear transitions. Cabin noise is kept to a minimum, whether you're traveling over city streets or off the beaten path to parts unknown.

1.4L TIGERSHARK® I-4 ENGINE

Improved fuel efficiency for a rating as good as 7.8 L/100 km (36 mpg) highway, while delivering a refined ride. Acclaimed for its unique and efficient valve-lift system, the Tigershark® incorporates a column of oil flow with a precise control of intake valve events.

6-SPEED MANUAL TRANSMISSION

Matched with the 1.4L MultiAir I-4 Turbo engine, this manual transmission aids efficiency, moving through shifts with smooth gear transitions. Cabin noise is kept to a minimum, whether you're traveling over city streets or off the beaten path to parts unknown.

6-SPEED AUTOMATIC TRANSMISSION

Its fine-tuned ratio spread between gears ensures quick takeoffs and a consistently refined performance. Exceptional efficiencies are experienced throughout all speeds.

TRAIL RATED® TEST CATEGORIES

TRACTION: Trail Rated traction helps you maintain controlled forward motion. You can climb steep sand dunes, cross icy bridges, and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Renegade has the traction to master all kinds of driving conditions.

WATER FORDING: Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Renegade has the capability to ford in up to 48 cm (19 in) of water. Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

MANEUVRABILITY: Jeep’s Trailhawk is born with the athletic ability to navigate narrow gaps and handle emergency situations while maintaining its integrity on the trails. Precision steering and optimized wheelbase allow for expert navigation.

ARTICULATION: Renegade’s suspension systems enhance on- and off-road performance by maximizing flex, articulation and wheel travel. This category indicates that when one or more wheels are elevated, the Jeep 4x4 system helps the others stay on the ground longer, to keep you moving.

GROUND CLEARANCE: The Trail Rated Renegade has heavy-duty off-road suspension. The heavy-gauge steel skid plates provide vital protection from road hazards. Hill Descent Control monitors throttle, speed and braking for smooth descents, and a heavy-duty off-road suspension system aids nearly an inch of additional ground clearance.

OFF-ROAD MASTER

The Trail Rated Renegade Trailhawk® has been tested to masterfully perform in five categories that prove its ultimate capability: traction, water fording, maneuverability, articulation and ground clearance. The standard Jeep® Active Drive Low 4WD system and its unique set of capability features consist of a standard Selec-Terrain® Traction Management System which includes the Trailhawk-exclusive Rock Mode that automatically adjusts a variety of vehicle systems to keep components working at their limits. Many unique design details provide side-protective rock rails, mud and Mossy Control monitors throttle, saving for your safety. A heavy-duty off-road suspension system aids nearly an inch of additional ground clearance.
Renegade expands your world with open-air freedom, like only an authentic Jeep® Brand vehicle can. This available feature consists of two easily removable roof panels that let you bring nature and all it offers that much closer, like more sun on your shoulders and wind in your hair. When you want to invigorate your travels and invite the outside world into your cabin, simply push a button with the power retractable option, to open the front My Sky™ panel and expand your world, like only a Renegade can.

When you remove the My Sky panels, slip them into the protective storage bag, which fits perfectly into the rear cargo area.

DUAL-PANE PANORAMIC POWER SUNROOF

This available sunroof with its power sunshade offers more than an amazing view to the sky. It also gives you a new world of atmosphere. Two large panes arise passengers in all rows to get a splendid panoramic view of the scenery. With the push of a button, the dual-pane panoramic sunroof lets in the fresh air of the outdoors. Add more to every adventure when you can see more and feel more open-air freedom.

TRAILHAWK® INTERIOR SHOWN IN BLACK WITH RED ACCENT STITCHING

This available sunroof with its power sunshade offers more than an amazing way to look at the world. It can take you to a new world altogether. Two large panes arise passengers in all rows to get a splendid panoramic view of the scenery. With the push of a button, the dual-pane panoramic sunroof lets in the fresh air of the outdoors. Add more to every adventure when you can see more and feel more open-air freedom.

For more fresh air, press a button and the power sliding glass front panel opens.

Let just the warmth of the sun shine in when the power sliding glass is closed.

MY SKY® OPEN-AIR ROOF SYSTEM

Renegade expands your world with open-air freedom, like only an authentic Jeep®, Brand vehicle can. This available feature consists of two easily removable roof panels that let you bring nature and all it offers that much closer, like more sun on your shoulders and wind in your hair. When you want to invigorate your travels and invite the outside world into your cabin, simply push a button with the power retractable option, to open the front My Sky™ panel and expand your world, like only a Renegade can.

(1) The My Sky lets you manually remove both the front and rear panels for a full open-air experience.

(2) The My Sky power retraction operates like a traditional sunroof, allowing front and aft ventilation of the front panel. Press the button for quick and easy rooftop ventilation.

When you remove the My Sky panels, slip them into the protective storage bag, which fits perfectly into the rear cargo area.

For more fresh air, press a button and the power sliding glass front panel opens.
The Right Fit

Add dimension and attitude to your Renegade with Award-Winning interiors. Colour palettes in fabrics and leather-faced options allow your personal style to shine. Renegade takes cabin design to a new, eye-catching level, delivering style that’s unexpected and very much on point.

Unique. Like you.

Arranged to your liking

A large interior volume allows you to accommodate all kinds of cargo and passenger configurations. Turn down the 40/20 sections to carry more cargo in the back, leaving the remaining 40/20 section open for a second passenger, or fold everything down for serious hauling. The 40/20/40 split folding rear seat adds a greater ability to create your own unique living space.

New storage features

Clever, new cubby spots and more storage options are always useful. A relocated USB port now resides on the back of the centre console, and a redesigned Selec-Terrain® dial (for 4x4 models) gives you more room to stash items out of sight. A special slot, just right for cell phones, is right next to your cup holders. A storage net in the front passenger footwell area is perfect for tablets and gaming devices. Front-seat passengers can hold on to the back-toughed grab handle when adventures get really exciting.

Limited shown in two-tone black/ski grey with ice blue accent stitching

Comfort Level

Renegade offers a cabin designed with an array of textures, fabrics and soft-touch surfaces. Available leather-faced seats are contoured and cushioned for cruising, and accented with logo and contrast stitching. Front-passenger seats in standard low-way manual adjustable driver seat and four-way manual adjustable front passenger seat. Go for the available 12-way power-adjustable driver seat (including four-way lumbar adjustment) for even more customization. In the second row, three rear-seat head restraints are in place for three passengers. Rear-seat foot room is enhanced by wide front-seat tracks.

STAY CONNECTED TO YOUR WORLD

NOW’S YOUR VERY OWN WINDOW INTO A WIDE CIRCLE OF CONNECTIVITY. THE AVAILABLE UCONNECT® IN-DASH INTERFACE OFFERS A RANGE OF COMMUNICATIONS AND ENTERTAINMENT SERVICES, DELIVERED STRAIGHT INTO YOUR REARVIEW. PERSONALIZE YOUR UCONNECT SYSTEM AND ENJOY THE FEATURES YOU WANT TO USE MOST. STRAIGHTFORWARD CUSTOMIZABLE DISPLAYS AND SIMPLE CONNECTIVITY MAKE ADVANCED TECHNOLOGY EASILY ACCESSIBLE.

STAY CONNECTED TO YOUR WORLD

7-INCH FULL-COLOUR DRIVER INFORMATION DISPLAY

Buttons on the multi-functional steering wheel let you instantly scroll through a selection of vehicle data, all conveniently displayed directly in front of you. There, on your instrument panel, is an available 7-inch full-colour customizable in-cluster display centre that gives you insight into real-time performance data, and so much more.

STATS AT HAND

UCONNECT® NAVIGATION CENTER

Get your very own window into a wide circle of connectivity. The available Uconnect® in-dash interface offers a range of communications and entertainment services, delivered straight into your rearview. Personalize your UConnect system and enjoy the features you want to use most. Straightforward customizable displays and simple connectivity make advanced technology easily accessible.

UCONNECT® MULTIMEDIA CENTER

Here’s your very own window into a wide circle of connectivity. The available Uconnect® 4 multimedia centre offers a range of communication and entertainment services, delivered straight into your rearview. Personalize your Uconnect system and enjoy the features you want to use most. Straightforward customizable displays and simple connectivity make advanced technology easily accessible.

Mopar’s own 7-inch full-colour display lets you instantly scroll through a selection of vehicle data, all conveniently displayed directly in front of you. There, on your instrument panel, is an available 7-inch full-colour customizable in-cluster display centre that gives you insight into real-time performance data, and so much more.

SIRIUSXM GUARDIAN 10

Obtain help when you need it most with Roadside Assistance Call and SOS Call from your touchscreen or rearview mirror button. The SiriusXM Guardian® mobile app helps to keep you connected by letting your phone into your vehicle’s connected centre. The one-year trial subscription includes Remote Vehicle Start* to start your car and unlock the doors from virtually anywhere, as well as Stolen Vehicle Assistance alerts, and so much more. This advanced in-vehicle connectivity also offers an available 4G LTE Wi-Fi hotspot to help you stay connected on the go.

SIRIUSXM TRAFFIC 12 AND SIRIUSXM TRAVEL LINK 12

SiriusXM Traffic 12 works with the vehicle’s available navigation system to display traffic and accident information to assist in routing around congested areas. SiriusXM Travel Link provides real-time local fuel prices, weather conditions, news, sports scores and movie times. Your first five years of both services are included.

SIRIUSXM SATELLITE RADIO 12

SiriusXM satellite radio with one-year subscription is available and includes over 120 channels of music, news, sports and specialty channels. It also allows you to receive alerts when your favourite song, artist or team is playing on another channel. Instant Replay lets you pause and rewind programs, songs and broadcasts. SiriusXM Tune Start ensures you never miss the starting songs of your favourite artists. SiriusXM Replay lets you pause and rewrite your favorite program, song or broadcast.

APPLE CARPLAYTM 13

The smarter, safer way to use your iPhone® inside your vehicle. Plug in to seamlessly integrate Uconnect.® You can use Siri® to make calls, access Apple Music, send and receive messages, get directions optimized for traffic conditions and more, while staying focused on the road.

ANDROID AUTO TM 13

This plug-and-play capability provides a safer way to use your Android™ phone while in your vehicle, sharing information while you easily access the best of Google: Google Maps with voice-guided navigation and Google Play Music; place phone calls or send and receive messages and ask Google any question by voice command.

3D NAVIGATION IMAGERY

Identifying your whereabouts is an exact science with the available Uconnect 4C NAV system’s integrated navigation, including 3D landmarks, city models, digital terrain maps, enhanced graphics and one-step voice destination entry.

GAIN CONFIDENCE
OVER 65 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES

PARKVIEW® REAR BACK-UP CAMERA
See what’s in the way when you’re in Reverse. This standard system helps bring previously hidden rear objects to your attention on-screen allowing time to react.

LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST
With a forward-facing camera mounted near the rearview mirror, this available system can gauge the vehicle’s position between the road lines and monitors its movement down the road. Should the LDW system detect the vehicle is moving onto either line without the turn signal being activated, it can warn the driver through a visual warning and corrective steering input.

FORWARD COLLISION WARNING WITH ACTIVE BRAKING
Radar and video sensors can detect when Renegade is approaching a vehicle or obstacle at an unsafe speed. If front-mounted sensors detect a potential collision, this available active safety feature can send an audible and visual alert to the driver and provide limited braking if the driver does not react in time.

KEYLESS ENTER ‘N GO™
Keep your key fob in your pocket or purse and leave your hands free to quickly open the door, take a seat, push a button and head out for fun. Available.

ELECTRONIC STABILITY CONTROL (ESC)
This standard safety net consists of a vehicle-wide network of sensors that provide fast aid when you’re veering off your intended path. ESC coordinates Electronic Roll Mitigation, the antilock brake system, Advanced Brake Assist, All-Speed Traction Control and Trailer Sway Control, sending them into action when needed.

ELECTRONIC ROLL MITIGATION (ERM)
Sensors constantly monitor Renegade to anticipate potential rollover situations. If things get rough, ERM takes immediate action to help maintain stability and remain under control.

TRAILER SWAY CONTROL (TSC)
Keep control of what you’re bringing along in tow. As part of ESC, the standard TSC helps keep you and the toys you are towing safely on course.

CHASSIS STRENGTH
Renegade delivers exceptional peace of mind with a hero’s heart — a strong foundation constructed using advanced lightweight materials with aluminum and high-strength steel.

SEVEN STANDARD AIR BAGS
Peace of mind is always with you, thanks to Renegade’s robust air bag system. Full-length front and rear side-curtain, driver and passenger side for front occupants, and advanced multistage driver and front-passenger air bags all work together to help provide comprehensive protection.

PARK-SENSE® REAR PARK ASSIST
Renegade can help you park and back out with grace. When in Reverse, these sensors can detect objects behind you, alert you, and provide an audible and visual warning so you have time to react.

WINDSHIELD WIPER DE-ICER
Maintain a clear view of the road and avoid ice build-up on your windows with this available packaged feature. Heating elements on the lower inside windshield glass help keep wipers free from ice. Available for an additional cost.

BLIND-SPOT MONITORING WITH REAR CROSS-PATH DETECTION
Available as part of the available Safety and Security Package Plus, this feature continuously monitor the space between you and other drivers. When you signal to change lanes and the system detects a vehicle in your blind spot, it can warn you with an audible chime and an illuminated icon in the sideview mirror. When reversing out of a parking spot, Rear Cross-Path Detection can detect vehicles approaching from either side.
